

Harbour View Centre

Accommodation Sheet

The Harbour View Centre has 14 adjacent rooms. Rooms 1-4 are located on the foyer level of the main buildings and have a paraplegic toilet and shower adjacent. Rooms 5-14 are located downstairs and have separate Ladies' and Men's ablutions (2 showers and 2 toilets in each). Rooms 13 and 14 have a view out over the harbour.

It is possible to fit a third person in most rooms, although not ideal for comfort. However, should you require this please advise us before coming so that the beds are ready on arrival. All beds are singles but are designed to join together when required by couples, to create a King bed.
